

Construction & Agricultural Equipment

One of the top five construction equipment companies in the world manufactures a line of equipment including Rough Terrain Forklifts, Backhoe/Loaders, Tracked Excavators, Loaders, Telescopic Handlers, Skid Steer Loaders and Articulated Dump Trucks.

Madison's LLHP plastic optical sensor is used in the engine coolant header tank. It was selected for this application due to its ability to withstand vibration and shock while sending reliable liquid level indication to the driver's dashboard system.
